CALIFORNIA LEGISLATURE—2009—10 REGULAR SESSION

**ASSEMBLY BILL**

**No. 226**

**Introduced by Assembly Member Ruskin**

February 4, 2009

---

An act to amend Section 30823 of, and to add Section 30821 to, the Public Resources Code, relating to coastal resources.

LEGISLATIVE COUNSEL'S DIGEST

AB 226, as amended, Ruskin. Coastal resources: California Coastal Act of 1976: enforcement.

(1) The California Coastal Act of 1976 requires~~—any~~ a person undertaking development in the coastal zone to obtain a coastal development permit in accordance with prescribed procedures. Existing law authorizes the superior court to impose civil liability on~~—any~~ a person who performs or undertakes development that is in violation of the act or that is inconsistent with~~—any~~ a previously issued coastal development permit, and on~~—any~~ a person who violates the act in any other manner and authorizes~~—any~~ a person to maintain an action for recovery of these civil penalties.

This bill would provide that a person who violates the act is subject to an administrative civil penalty that may be imposed by the California Coastal Commission by a majority vote of the commissioners, upon consideration of various factors, in a public hearing in an amount no less than \$5,000 and no more than \$50,000 for each violation.

This bill would provide that a person shall not be subject to both monetary civil liability imposed by the commission and monetary civil liability imposed by the superior court for the same act or failure to act ~~unless the person fails to pay the administrative penalty or fails to~~

~~comply with an order issued by the commission in connection with the penalty action or if the person elects to challenge the commission's action in a court of law. In the event that a person who is assessed a penalty by the commission fails to pay the penalty, fails to comply with a restoration or cease and desist order, or challenges any of these actions in a court of law, the commission may maintain an action or otherwise engage in judicial proceedings to enforce those requirements and the court may impose any additional civil penalties the court deems appropriate.~~ This bill would also allow the commission to file a lien on the property of a violator in the amount of the penalty assessed by the commission if the violator fails to pay the fine.

(2) The act also requires that all funds derived from the payment of a penalty are to be deposited into the Violation Remediation Account of the Coastal Conservancy Fund, until appropriated by the Legislature, for purposes of carrying out the act.

This bill would instead require that all penalties derived from the payment of a penalty be deposited into the Coastal Act Services Fund, until appropriated by the Legislature, for the purposes of carrying out the act.
